WHY CHOOSE LEVITATE?

The Online Dance Competition

Has entering a dance competition ever left you feeling deflated?

Or does the thought of it intimidate you?

We are here to show you that competitions can be healthy, friendly and mostly, rewarding!

Here at Levitate, our focus is productive and rewarding feedback. Each and every dancer will receive tailored feedback on their entry to help them progress further, regardless of their placement. All entries have the opportunity to select **mark/no mark**. This means if a student doesn't place, you can choose to have us watch your entry and only give feedback, not mark it, if you're looking for less pressure.

We believe that by offering such a diverse range of styles, having just one adjudicator simply won't do! Our independent adjudicators will have the necessary skills to adjudicate in their specific styles. All adjudicators have a wealth of knowledge and experience in their field!

We also offer novice sections for our Teen and Inters. Novice for us defines dancers who have been dancing in their chosen style for less than 3 years. We want to include dancers who may have started at a later age!

Levitate is currently an online festival, so all entries are made via video submission. This means that there is no travel, no long days and you can be flexible around your staff and student needs!

As if you needed more reason to showcase the talent at your school, we give out medals, certificates and trophies for placing an additional rewards like "Best Dressed." As well as a loyalty card that gets stamped with your schools entry, offering benefits and rewards for competing with us.

We want to see you at our festival, enrol today as an individual or through a school!

2025 SEASON
